

Certificate of Analysis

Product Description: NATtrol™ *S. aureus* (MRSA) Stock
Strain: COL
Catalog Number: NATSAU-STQ
Target Concentration 1.00E+06 cp/mL
Lot Number: 328229
Expiration Date: 2023-02-18
Storage Temperature: 2-8°C
Safety Precautions: Use Universal Precautions

Test	Specification	Concentration	Result
<i>S. aureus</i> DNA Detection by in-house quantitative assay	6.31E+05 – 1.58E+06 cp/mL	8.99E+05 cp/mL	Pass
Inactivation Verification*	Inactive		Pass

*NATtrol™ inactivation was carried out on microorganism stock used to formulate the product. The inactivation was verified in a standard microbiological growth protocol.

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES.

Statement of Conformance:

The results reported in this Certificate of Analysis comply with the requirements of ZeptoMetrix's Quality Management System and specifications described in the Master Production Record.
